HELP THE ORPHAN

BOYS' AND GIRLS' AID SOCIETY SEEKS DONATIONS.

Charitable Institution of Oregon Needs Help From the Public—Depends Almost Entirely on Voluntary Donations—Last Year the Society Has Cared for 412 Orphans and Incurable Children—Nearly Every County in the State Has Contributed.

The Boys' and Girls' Aid Society of Oregon begs to place its needs before the school children of the state and a charitable public, for liberal donations at Thanksgiving.

For the information of those who are not acquainted with the work of this society, it is well to state that the society is a charitable corporation incorporated under the laws of Oregon for the control and disposition of homeless, neglected or abused children of the state, and to receive and care for juvenile offenders who have made their first mistake; to care for these children until suitable homes or employment are found for them, and to continue a systematic attention to their condition and treatment.

The Boys' and Girls' Aid Society is located at Portland and is supported in different ways by state and county aid, by the interest of an endowment fund and by charitable contributions. The latter, however, have not been as good of late as they should be, the management being so much engaged that a regular canvass among their friends has been neglected.

But at Thanksgiving they look for some appreciation of their work, and to this end it has been the custom in many localities for some years past, for the school children of the public schools to contribute canned goods of any kind, provisions, fruit or vegetables, and by these donations the children at the receiving home in Portland are provided with many necessities and luxuries during the winter months that were it not for this generosity, they would have to forego.

The railroad companies and steamboat lines running into Portland have generously consented to dead-head all packages consigned to the Boys' and Girls' Aid Society at Portland, Oregon. These packages should be delivered as freight and plainly marked with the name of the society.

During the past year they have received and cared for 412 children. These children are sent by commitment from all the counties in the state, those counties contributing during the past year were Baker, Benton, Clackamas, Clatsop, Columbia, Douglas, Harney, Josephine, Lane, Linn, Marion, Morrow, Multnomah, Sherman, Umatilla, Union, Wasco, Washington and Yamhill.

The average number of children on hand at the receiving home per day during the entire year was 35. It is the effort of the society to place the children committed to them out in approved family homes as speedily as possible, and after being so placed a paid agent is on the road during the entire year visiting these children to see that they are accorded the proper treatment by their custodians.

This small army of children if placed in an orphan asylum would be a great expense to the people of the state, and being so placed would not have as good a chance in life as being placed out in the normal family home.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass of Fremont, N. C., writes. Only 50c at Tallman & Co.'s druggists.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Mrs. Elizabeth H. Thompson, of Lillydale, N. Y., Grand Worthy Wise Templar, and Member of W. C. T. U., tells how she recovered from a serious illness by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am one of the many of your grateful friends who have been cured through the use of Lydia E. Pinkham's Vegetable Compound, and who can to-day thank you for the fine health I enjoy. When I was thirty-five years old, I suffered severe backache and frequent bearing-down pains; in fact, I had womb trouble. I was very anxious to get well, and reading of the cures your Compound had made, I decided to try it. I took only six bottles, but it built me up and cured me entirely as I was. My niece had heart trouble and nervous prostration, and was considered incurable. She took your Vegetable Compound and it cured her in a short time, and she became well and strong, and her home to her great joy and her husband's delight was blessed with a baby. I know of a number of others who have been cured of different kinds of female trouble, and am satisfied that your Compound is the best medicine for sick women."—MRS. ELIZABETH H. THOMPSON, Box 105, Lillydale, N. Y.

Thousands upon thousands of women throughout this country are not only expressing such sentiments as the above to their friends, but are continually writing letters of gratitude to Mrs. Pinkham, until she has hundreds of thousands of letters from women in all classes of society who have been restored to health by her advice and medicine after all other means had failed.

Here is another letter which proves conclusively that there is no other medicine to equal Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with poor health for over seven years, not sick enough to stay in bed, and not well enough to enjoy life and attend to my daily duties properly. I was growing thin, my complexion was sallow, and I was easily upset and irritable. "One of my neighbors advised me to try Lydia E. Pinkham's Vegetable Compound, and I procured a bottle. A great change for the better took place within a week, and I decided to keep up the treatment. "Within two months I was like a changed woman, my health good, my step light, my eyes bright, my complexion vastly improved, and I felt once more like a young girl. I wonder now how I ever endured the misery. I would not spend another year like it for a fortune. "I appreciate my good health, and give M. TILLA, 407 Halberstein St., Savannah, Ga. all the praise to Lydia E. Pinkham's Vegetable Compound."—MRS. M. TILLA.

Mrs. Pinkham has on file thousands of such letters.
